RE: The Mason Lake County Park Project Update

The Mason County Board of Commissioners would like to announce that the renovated Mason Lake County Park Boat Launch is now open for public use. The new single lane boat launch, gangway, dock, access driveway, parking and ADA improvements are all complete.

Mason Lake County Park provides the only public access point to Mason Lake, which is the largest natural lake in Mason County. The project was funded by a State of Washington Boating Facilities Grant and Mason County REET II Parks Capital Funds. The Boating Facilities Grant Program is administered by the Washington State Recreation and Conservation Office.

If you have any questions about the Mason Lake County Park Boat Launch Project, please contact John Keates at, (360) 427-9670, ext. 669.
