COMMERCE, CITY OF SHELTON, ECONOMIC DEVELOPMENT COUNCIL,  
THE SUN

RE: New Leadership at Mason County

Mason County Commissioners are pleased to announce the appointment of Dave Windom as the new Director of Community Services Department and Jerry Hauth as the new Director of Public Works/Utilities & Waste Management Department.

Dave comes to Mason County from Colville, WA and has served as the Administrator of the Northeast Tri County Health District in Colville, WA for approximately six years. The Community Services Department is an innovative approach to improving customer service by consolidating the departments of Building, Planning and Public Health & Human Services. This consolidation of services is located in one building at 615 W Alder Street, Shelton.

Jerry returns to Mason County from working for the City of Shelton and most recently as Managing Engineer for the City of Bremerton. The Public Works Department has the responsibility of engineering, construction, maintenance and administration of the Mason County Road System. The Utilities and Waste Management is a division of the Public Works Department and is responsible for managing water, waste water and solid waste facilities in the unincorporated areas of Mason County.

We are excited to welcome this new leadership to Mason County and are certain both Dave and Jerry will bring fresh ideas on how to better serve our citizens.

BOARD OF MASON COUNTY COMMISSIONERS
