# CONTRACT

**THIS AGREEMENT**, made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2024, between **MASON COUNTY DEPARTMENT OF PUBLIC WORKS**, acting through the Board of County Commissioners under and by virtue of Title 36, R.C.W., as amended, and \_\_\_\_\_, hereinafter called the Contractor.

**WITNESSETH:**

That in consideration of the terms and conditions contained herein and attached and made a part of this agreement, the parties hereto covenant and agree as follows:

1. The Contractor shall do all work and furnish all tools, equipment and materials for the **2024 Paintline**, in Mason County, and other work in accordance with and as described in the attached Specifications and the **2024 Standard Specifications** of the Washington State Department of Transportation, which are by this reference incorporated herein and made a part hereof, and shall perform any alterations in or additions to the work provided under this contract and every part thereof.

The **Contractor** shall provide and bear the expense of all equipment, work and labor of any sort whatsoever that may be required for the transfer of materials and for completing the work provided for in this contract and every part thereof, except such as are mentioned in the Specifications to be furnished by Mason County.

2. That **Mason County** hereby promises and agrees with the Contractor to employ, and does employ the Contractor to provide the materials and to do and cause to be done the above described work and to complete and finish the same according to the attached Specifications and the terms and conditions herein contained, and hereby contracts to pay for the same according to the attached Specifications and the schedule of unit or itemized prices hereto attached, at the time and in the manner and upon the conditions provided for in this contract. Mason County further agrees to employ the Contractor to perform any alterations in or additions to the work provided for in this contract that may be ordered and to pay for the same under the terms of this contract and the attached Plans and Specifications.

3. The **Contractor**, for himself and for his heirs, executors, administrators, successors and assigns, does hereby agree to the full performance of all the covenants herein contained upon the part of the Contractor.

4. It is further provided that no liability shall be attached to **Mason County** by reason of entering into this contract, except as expressly provided herein.

**IN WITNESS WHEREOF**, the Contractor has executed this instrument on the day and year first below written, and the Board of County Commissioners has caused this instrument to be executed by, and in the name of the said Mason County Board of County Commissioners the day and year first above written.

<https://fortress.wa.gov/lni/wagelookup/prvWagelookup.aspx>
2. Select the Prevailing Wages and Benefit Plan information for the project **bid date**.
3. Select the County where the work will be performed. If you are working in a County other than Mason County, use the wages for the County you are physically working in for this project.
4. A copy of the applicable Prevailing Wages for this contract is available in the Mason County Public Works. Please email: [pwprojects@masoncountywa.gov](mailto:pwprojects@masoncountywa.gov) for this information. A copy of these wages will be provided upon request.

1 INTRODUCTION

2  
3 This Contract shall be constructed in accordance with the 2024 Standard Specifications for  
4 Road, Bridge, and Municipal Construction.

5  
6 SPECIAL PROVISIONS

7  
8 Several types of Special Provisions are included in this contract; General, Region, Bridges  
9 and Structures, and Project Specific. Special Provisions types are differentiated as follows:

10		
11	(date)	General Special Provision
12	(*****)	Notes a revision to a General Special Provision
13		and also notes a Project Specific Special
14		Provision.
15	(Regions <sup>1</sup> date)	Region Special Provision
16		

17 **General Special Provisions** are similar to Standard Specifications in that they typically apply  
18 to many projects, usually in more than one Region. Usually, the only difference from one  
19 project to another is the inclusion of variable project data, inserted as a "fill-in".

20  
21 **Region Special Provisions** are commonly applicable within the designated Region. Region  
22 designations are as follows:

23		
24	<u>Regions<sup>1</sup></u>	
25	ER	Eastern Region
26	NCR	North Central Region
27	NWR	Northwest Region
28	OR	Olympic Region
29	SCR	South Central Region
30	SWR	Southwest Region
31		
32	WSF	Washington State Ferries Division
33		

34 **Project Specific Special Provisions** normally appear only in the contract for which they were  
35 developed.

36  
37 **Division 1**  
38 **General Requirements**

39  
40 **DESCRIPTION OF WORK**

41  
42 (March 13, 1995)

43 This Contract provides for the improvement of \*\*\*approximately 370 miles of roadway  
44 throughout Mason County, Washington. The work includes Single Shot Paint Line, Double  
45 Shot Paintline (Centerline), Double Shot Paintline (Edgeline)\*\*\* and other work, all in  
46 accordance with the attached Contract Plans, these Contract Provisions, and the Standard  
47 Specifications.

3  
4 Delete the heading **Completion Dates** and the three paragraphs that follow it, and replace  
5 them with the following:  
6

7 **Dates**

8 ***Bid Opening Date***

9 The date on which the Contracting Agency publicly opens and reads the Bids.

10 ***Award Date***

11 The date of the formal decision of the Contracting Agency to accept the lowest  
12 responsible and responsive Bidder for the Work.

13 ***Contract Execution Date***

14 The date the Contracting Agency officially binds the Agency to the Contract.

15 ***Notice to Proceed Date***

16 The date stated in the Notice to Proceed on which the Contract time begins.

17 ***Substantial Completion Date***

18 The day the Engineer determines the Contracting Agency has full and unrestricted  
19 use and benefit of the facilities, both from the operational and safety standpoint, any  
20 remaining traffic disruptions will be rare and brief, and only minor incidental work,  
21 replacement of temporary substitute facilities, plant establishment periods, or  
22 correction or repair remains for the Physical Completion of the total Contract.

23 ***Physical Completion Date***

24 The day all of the Work is physically completed on the project. All documentation  
25 required by the Contract and required by law does not necessarily need to be  
26 furnished by the Contractor by this date.

27 ***Completion Date***

28 The day all the Work specified in the Contract is completed and all the obligations of  
29 the Contractor under the contract are fulfilled by the Contractor. All documentation  
30 required by the Contract and required by law must be furnished by the Contractor  
31 before establishment of this date.

32 ***Final Acceptance Date***

33 The date on which the Contracting Agency accepts the Work as complete.  
34

35 Supplement this Section with the following:  
36

37 All references in the Standard Specifications or WSDOT General Special Provisions, to  
38 the terms "Department of Transportation", "Washington State Transportation  
39 Commission", "Commission", "Secretary of Transportation", "Secretary", "Headquarters",  
40 and "State Treasurer" shall be revised to read "Contracting Agency".  
41

42 All references to the terms "State" or "state" shall be revised to read "Contracting  
43 Agency" unless the reference is to an administrative agency of the State of Washington,  
44 a State statute or regulation, or the context reasonably indicates otherwise.  
45

46 All references to "State Materials Laboratory" shall be revised to read "Contracting  
47 Agency designated location".  
48

1 All references to “final contract voucher certification” shall be interpreted to mean the  
2 Contracting Agency form(s) by which final payment is authorized, and final completion  
3 and acceptance granted.  
4

5 **Additive**  
6 A supplemental unit of work or group of bid items, identified separately in the Bid  
7 Proposal, which may, at the discretion of the Contracting Agency, be awarded in addition  
8 to the base bid.  
9

10 **Alternate**  
11 One of two or more units of work or groups of bid items, identified separately in the Bid  
12 Proposal, from which the Contracting Agency may make a choice between different  
13 methods or material of construction for performing the same work.  
14

15 **Business Day**  
16 A business day is any day from Monday through Friday except holidays as listed in  
17 Section 1-08.5.  
18

19 **Contract Bond**  
20 The definition in the Standard Specifications for “Contract Bond” applies to whatever  
21 bond form(s) are required by the Contract Documents, which may be a combination of a  
22 Payment Bond and a Performance Bond.  
23

24 **Contract Documents**  
25 See definition for “Contract”.  
26

27 **Contract Time**  
28 The period of time established by the terms and conditions of the Contract within which  
29 the Work must be physically completed.  
30

14 After submitting a physical Bid Proposal to the Contracting Agency, the Bidder may  
15 withdraw, revise, or supplement it if:

- 16  
17 1. The Bidder submits a written request signed by an authorized person and  
18 physically delivers it to the place designated for receipt of Bid Proposals, and  
19 2. The Contracting Agency receives the request before the time set for receipt of  
20 Bid Proposals, and  
21 3. The revised or supplemented Bid Proposal (if any) is received by the Contracting  
22 Agency before the time set for receipt of Bid Proposals.

23  
24 If the Bidder's request to withdraw, revise, or supplement its Bid Proposal is received  
25 before the time set for receipt of Bid Proposals, the Contracting Agency will return the  
26 unopened Proposal package to the Bidder. The Bidder must then submit the revised or  
27 supplemented package in its entirety. If the Bidder does not submit a revised or  
28 supplemented package, then its bid shall be considered withdrawn.

29  
30 Late revised or supplemented Bid Proposals or late withdrawal requests will be date  
31 recorded by the Contracting Agency and returned unopened. Mailed, emailed, or faxed  
32 requests to withdraw, revise, or supplement a Bid Proposal are not acceptable.

47 A Bidder will be deemed not responsible if the Bidder does not meet the mandatory bidder

48 responsibility criteria in RCW 39.04.350(1), as amended.

49

50 The Contracting Agency will verify that the Bidder meets the mandatory bidder

51 responsibility criteria in RCW 39.04.350(1). To assess bidder responsibility, the

1 Contracting Agency reserves the right to request documentation as needed from the  
2 Bidder and third parties concerning the Bidder's compliance with the mandatory bidder  
3 responsibility criteria.

4  
5 If the Contracting Agency determines the Bidder does not meet the mandatory bidder  
6 responsibility criteria in RCW 39.04.350(1) and is therefore not a responsible Bidder, the  
7 Contracting Agency shall notify the Bidder in writing, with the reasons for its determination.  
8 If the Bidder disagrees with this determination, it may appeal the determination within two  
9 (2) business days of the Contracting Agency's determination by presenting its appeal and  
10 any additional information to the Contracting Agency. The Contracting Agency will  
11 consider the appeal and any additional information before issuing its final determination.  
12 If the final determination affirms that the Bidder is not responsible, the Contracting Agency

32 The number of copies to be executed by the Contractor will be determined by the  
33 Contracting Agency.

34  
35 Within ~~\$\$20\$\$~~ calendar days after the award date, the successful bidder shall return the  
36 signed Contracting Agency-prepared contract, an insurance certification as required by  
37 Section 1-07.18, a satisfactory bond as required by law and Section 1-03.4, the Transfer  
38 of Coverage form for the Construction Stormwater General Permit with sections I, III, and  
39 VIII completed when provided. Before execution of the contract by the Contracting  
40 Agency, the successful bidder shall provide any pre-award information the Contracting  
41 Agency may require under Section 1-02.15.

42  
43 Until the Contracting Agency executes a contract, no proposal shall bind the Contracting  
44 Agency nor shall any work begin within the project limits or within Contracting Agency-  
45 furnished sites. The Contractor shall bear all risks for any work begun outside such areas  
46 and for any materials ordered before the contract is executed by the Contracting Agency.

47  
48 If the bidder experiences circumstances beyond their control that prevents return of the  
49 contract documents within the calendar days after the award date stated above, the  
50 Contracting Agency may grant up to a maximum of ~~\$\$5\$\$~~ additional calendar days for

24 obligations, conditions, and duties, or
  - 25 b. Of the Contractor (or the subcontractors or lower tier subcontractors of the  
26 Contractor) to pay all laborers, mechanics, subcontractors, lower tier  
27 subcontractors, material person, or any other person who provides supplies or  
28 provisions for carrying out the work;
- 29 4. Be conditioned upon the payment of taxes, increases, and penalties incurred on the  
30 project under titles 50, 51, and 82 RCW; and
- 31 5. Be accompanied by a power of attorney for the Surety's officer empowered to sign  
32 the bond; and
- 33 6. Be signed by an officer of the Contractor empowered to sign official statements (sole  
34 proprietor or partner). If the Contractor is a corporation, the bond(s) must be signed  
35 by the president or vice president, unless accompanied by written proof of the

**Scope of the Work**

**1-04.2 Coordination of Contract Documents, Plans, Special Provisions, Specifications, and Addenda**

*(December 30, 2022 APWA GSP)*

Revise the second paragraph to read:

Any inconsistency in the parts of the contract shall be resolved by following this order of precedence (e.g., 1 presiding over 2, 2 over 3, 3 over 4, and so forth):

- 1. Addenda,
- 2. Proposal Form,
- 3. Special Provisions,
- 4. Contract Plans,
- 5. Standard Specifications,
- 6. Contracting Agency’s Standard Plans or Details (if any), and
- 7. WSDOT Standard Plans for Road, Bridge, and Municipal Construction.

**1-04.4 Changes**

*(January 19, 2022 APWA GSP)*

The first two sentences of the last paragraph of Section 1-04.4 are deleted.

**Control of Work**

**1-05.7 Removal of Defective and Unauthorized Work**

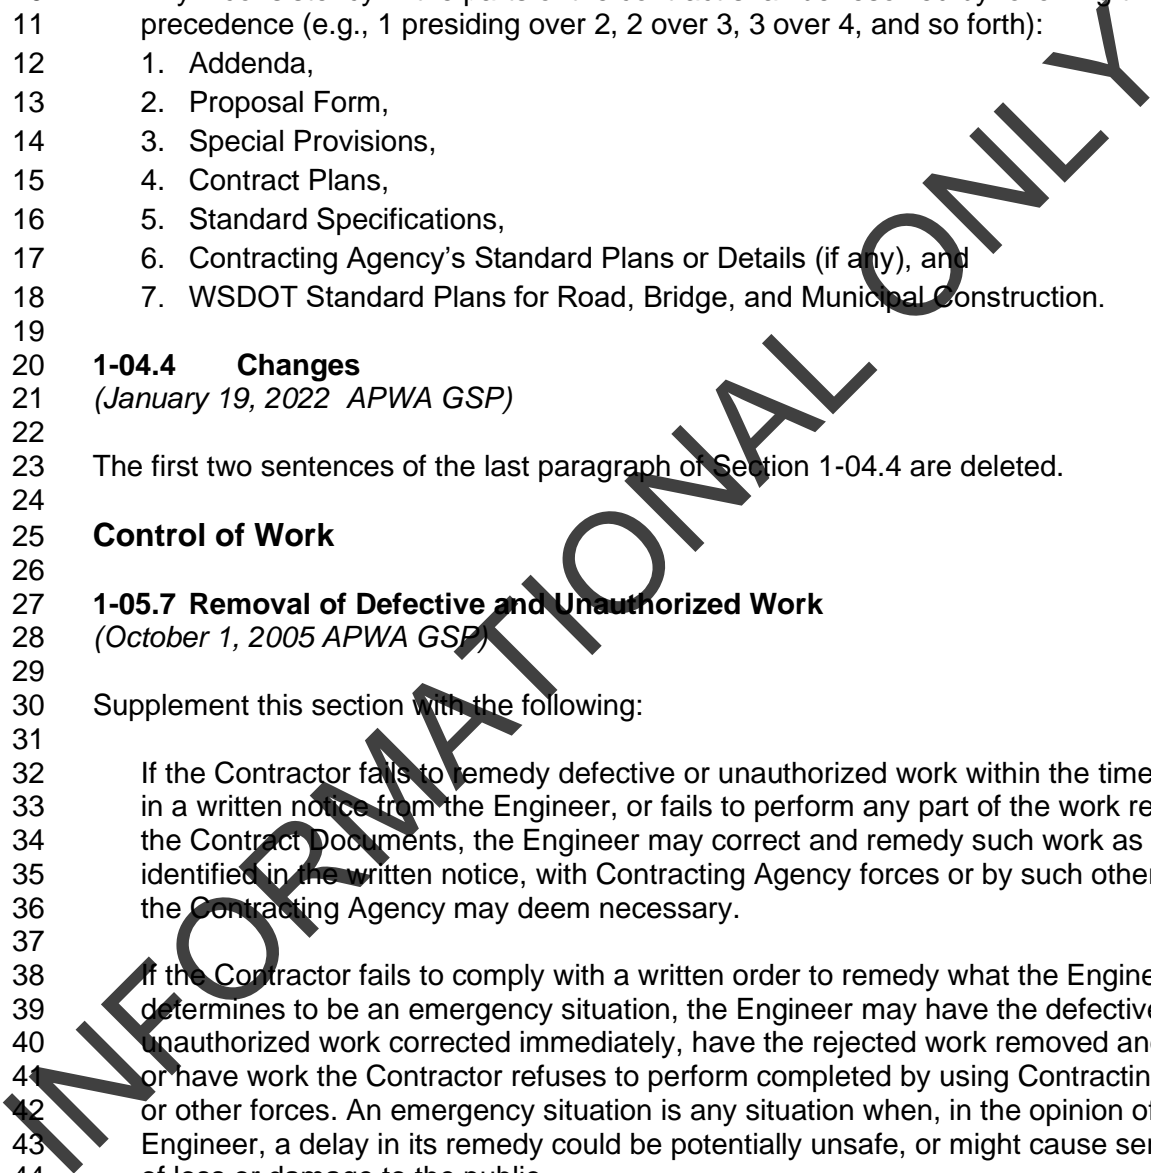

*(October 1, 2005 APWA GSP)*

Supplement this section with the following:

If the Contractor fails to remedy defective or unauthorized work within the time specified in a written notice from the Engineer, or fails to perform any part of the work required by the Contract Documents, the Engineer may correct and remedy such work as may be identified in the written notice, with Contracting Agency forces or by such other means as the Contracting Agency may deem necessary.

If the Contractor fails to comply with a written order to remedy what the Engineer determines to be an emergency situation, the Engineer may have the defective and unauthorized work corrected immediately, have the rejected work removed and replaced, or have work the Contractor refuses to perform completed by using Contracting Agency or other forces. An emergency situation is any situation when, in the opinion of the Engineer, a delay in its remedy could be potentially unsafe, or might cause serious risk of loss or damage to the public.

Direct or indirect costs incurred by the Contracting Agency attributable to correcting and remedying defective or unauthorized work, or work the Contractor failed or refused to perform, shall be paid by the Contractor. Payment will be deducted by the Engineer from monies due, or to become due, the Contractor. Such direct and indirect costs shall include in particular, but without limitation, compensation for additional professional

1 services required, and costs for repair and replacement of work of others destroyed or  
2 damaged by correction, removal, or replacement of the Contractor's unauthorized work.  
3  
4 No adjustment in contract time or compensation will be allowed because of the delay in  
5 the performance of the work attributable to the exercise of the Contracting Agency's  
6 rights provided by this Section.  
7  
8 The rights exercised under the provisions of this section shall not diminish the  
9 Contracting Agency's right to pursue any other avenue for additional remedy or damages  
10 with respect to the Contractor's failure to perform the work as required.

20 **1-05.11(1) Substantial Completion Date**  
21

22 When the Contractor considers the work to be substantially complete, the Contractor  
23 shall so notify the Engineer and request the Engineer establish the Substantial  
24 Completion Date. The Contractor's request shall list the specific items of work that  
25 remain to be completed in order to reach physical completion. The Engineer will  
26 schedule an inspection of the work with the Contractor to determine the status of  
27 completion. The Engineer may also establish the Substantial Completion Date  
28 unilaterally.  
29

30 If, after this inspection, the Engineer concurs with the Contractor that the work is  
31 substantially complete and ready for its intended use, the Engineer, by written notice to  
32 the Contractor, will set the Substantial Completion Date. If, after this inspection the  
33 Engineer does not consider the work substantially complete and ready for its intended  
34 use, the Engineer will, by written notice, so notify the Contractor giving the reasons  
35 therefor.  
36

37 Upon receipt of written notice concurring in or denying substantial completion, whichever  
38 is applicable, the Contractor shall pursue vigorously, diligently and without unauthorized  
39 interruption, the work necessary to reach Substantial and Physical Completion. The  
40 Contractor shall provide the Engineer with a revised schedule indicating when the  
41 Contractor expects to reach substantial and physical completion of the work.  
42

43 The above process shall be repeated until the Engineer establishes the Substantial  
44 Completion Date and the Contractor considers the work physically complete and ready for  
45 final inspection.  
46

47 **1-05.11(2) Final Inspection and Physical Completion Date**  
48

49 When the Contractor considers the work physically complete and ready for final  
50 inspection, the Contractor by written notice, shall request the Engineer to schedule a  
51 final inspection. The Engineer will set a date for final inspection. The Engineer and the

1 Contractor will then make a final inspection and the Engineer will notify the Contractor in  
2 writing of all particulars in which the final inspection reveals the work incomplete or  
3 unacceptable. The Contractor shall immediately take such corrective measures as are  
4 necessary to remedy the listed deficiencies. Corrective work shall be pursued vigorously,  
5 diligently, and without interruption until physical completion of the listed deficiencies. This  
6 process will continue until the Engineer is satisfied the listed deficiencies have been  
7 corrected.  
8

9 If action to correct the listed deficiencies is not initiated within 7 days after receipt of the  
10 written notice listing the deficiencies, the Engineer may, upon written notice to the  
11 Contractor, take whatever steps are necessary to correct those deficiencies pursuant to  
12 Section 1-05.7.

13 The Contractor will not be allowed an extension of contract time because of a delay in  
14 the performance of the work attributable to the exercise of the Engineer's right  
15 hereunder.  
16

17 Upon correction of all deficiencies, the Engineer will notify the Contractor and the  
18 Contracting Agency, in writing, of the date upon which the work was considered physically  
19 complete. That date shall constitute the Physical Completion Date of the contract, but shall  
20 not imply acceptance of the work or that all the obligations of the Contractor under the  
21 contract have been fulfilled.  
22

### 23 **1-05.11(3) Operational Testing**

24  
25 It is the intent of the Contracting Agency to have at the Physical Completion Date a  
26 complete and operable system. Therefore when the work involves the installation of  
27 machinery or other mechanical equipment; street lighting, electrical distribution or signal  
28 systems; irrigation systems; buildings; or other similar work it may be desirable for the  
29 Engineer to have the Contractor operate and test the work for a period of time after final  
30 inspection but prior to the physical completion date. Whenever items of work are listed in  
31 the Contract Provisions for operational testing they shall be fully tested under operating  
32 conditions for the time period specified to ensure their acceptability prior to the Physical  
33 Completion Date. During and following the test period, the Contractor shall correct any  
34 items of workmanship, materials, or equipment which prove faulty, or that are not in first  
35 class operating condition. Equipment, electrical controls, meters, or other devices and  
36 equipment to be tested during this period shall be tested under the observation of the  
37 Engineer, so that the Engineer may determine their suitability for the purpose for which  
38 they were installed. The Physical Completion Date cannot be established until testing  
39 and corrections have been completed to the satisfaction of the Engineer.  
40

41 The costs for power, gas, labor, material, supplies, and everything else needed to  
42 successfully complete operational testing, shall be included in the unit contract prices  
43 related to the system being tested, unless specifically set forth otherwise in the proposal.  
44

45 Operational and test periods, when required by the Engineer, shall not affect a  
46 manufacturer's guaranties or warranties furnished under the terms of the contract.

35

36 The Washington State Department of Labor and Industries shall be the sole and  
37 paramount administrative agency responsible for the administration of the provisions of  
38 the Washington Industrial Safety and Health Act of 1973 (WISHA).

39

40 The Contractor shall maintain at the project site office, or other well known place at the  
41 project site, all articles necessary for providing first aid to the injured. The Contractor  
42 shall establish, publish, and make known to all employees, procedures for ensuring  
43 immediate removal to a hospital, or doctor's care, persons, including employees, who  
44 may have been injured on the project site. Employees should not be permitted to work  
45 on the project site before the Contractor has established and made known procedures  
46 for removal of injured persons to a hospital or a doctor's care.

47

48 The Contractor shall have sole responsibility for the safety, efficiency, and adequacy of  
49 the Contractor's plant, appliances, and methods, and for any damage or injury resulting  
50 from their failure, or improper maintenance, use, or operation. The Contractor shall be  
51 solely and completely responsible for the conditions of the project site, including safety

1 for all persons and property in the performance of the work. This requirement shall apply  
2 continuously, and not be limited to normal working hours. The required or implied duty of  
3 the Engineer to conduct construction review of the Contractor's performance does not,  
4 and shall not, be intended to include review and adequacy of the Contractor's safety  
5 measures in, on, or near the project site.

11

12 **1-07.2 State Sales Tax**  
13 *(June 27, 2011 APWA GSP)*  
14

15 The Washington State Department of Revenue has issued special rules on the State  
16 sales tax. Sections 1-07.2(1) through 1-07.2(3) are meant to clarify those rules. The  
17 Contractor should contact the Washington State Department of Revenue for answers to  
18 questions in this area. The Contracting Agency will not adjust its payment if the  
19 Contractor bases a bid on a misunderstood tax liability.  
20

21 The Contractor shall include all Contractor-paid taxes in the unit bid prices or other  
22 contract amounts. In some cases, however, state retail sales tax will not be included.  
23 Section 1-07.2(2) describes this exception.  
24

25 The Contracting Agency will pay the retained percentage (or release the Contract Bond if  
26 a FHWA-funded Project) only if the Contractor has obtained from the Washington State  
27 Department of Revenue a certificate showing that all contract-related taxes have been  
28 paid (RCW 60.28.051). The Contracting Agency may deduct from its payments to the  
29 Contractor any amount the Contractor may owe the Washington State Department of  
30 Revenue, whether the amount owed relates to this contract or not. Any amount so  
31 deducted will be paid into the proper State fund.  
32

33 **1-07.2(1) State Sales Tax — Rule 171**  
34

35 WAC 458-20-171, and its related rules, apply to building, repairing, or improving streets,  
36 roads, etc., which are owned by a municipal corporation, or political subdivision of the  
37 state, or by the United States, and which are used primarily for foot or vehicular traffic.  
38 This includes storm or combined sewer systems within and included as a part of the  
39 street or road drainage system and power lines when such are part of the roadway  
40 lighting system. For work performed in such cases, the Contractor shall include  
41 Washington State Retail Sales Taxes in the various unit bid item prices, or other contract  
42 amounts, including those that the Contractor pays on the purchase of the materials,  
43 equipment, or supplies used or consumed in doing the work.  
44

45 **1-07.2(2) State Sales Tax — Rule 170**  
46

47 WAC 458-20-170, and its related rules, apply to the constructing and repairing of new or  
48 existing buildings, or other structures, upon real property. This includes, but is not  
49 limited to, the construction of streets, roads, highways, etc., owned by the state of  
50 Washington; water mains and their appurtenances; sanitary sewers and sewage  
51 disposal systems unless such sewers and disposal systems are within, and a part of, a

1 street or road drainage system; telephone, telegraph, electrical power distribution lines,  
2 or other conduits or lines in or above streets or roads, unless such power lines become a  
3 part of a street or road lighting system; and installing or attaching of any article of  
4 tangible personal property in or to real property, whether or not such personal property  
5 becomes a part of the realty by virtue of installation.  
6

7 For work performed in such cases, the Contractor shall collect from the Contracting  
8 Agency, retail sales tax on the full contract price. The Contracting Agency will  
9 automatically add this sales tax to each payment to the Contractor. For this reason, the  
10 Contractor shall not include the retail sales tax in the unit bid item prices, or in any other  
11 contract amount subject to Rule 170, with the following exception.  
12

13 Exception: The Contracting Agency will not add in sales tax for a payment the Contractor  
14 or a subcontractor makes on the purchase or rental of tools, machinery, equipment, or  
15 consumable supplies not integrated into the project. Such sales taxes shall be included  
16 in the unit bid item prices or in any other contract amount.  
17

### 18 **1-07.2(3) Services**

19  
20 The Contractor shall not collect retail sales tax from the Contracting Agency on any  
21 contract wholly for professional or other services (as defined in Washington State  
22 Department of Revenue Rules 138 and 244).  
23

### 24 **Load Limits**

25  
26 Section 1-07.7 is supplemented with the following:  
27

28 (March 13, 1995)

29 If the sources of materials provided by the Contractor necessitates hauling over roads  
30 other than State Highways, the Contractor shall, at the Contractor's expense, make all  
31 arrangements for the use of the haul routes.  
32

### 33 **Wages**

#### 34 **General**

35  
36 Section 1-07.9(1) is supplemented with the following:  
37

38 (January 10, 2024)

39 The Federal wage rates incorporated in this contract have been established by the  
40 Secretary of Labor under United States Department of Labor General Decision No.  
41 WA20240001.  
42

43  
44 The State rates incorporated in this contract are applicable to all construction  
45 activities associated with this contract.

10 **1-07.18 Insurance**

11 *(January 4, 2024 APWA GSP)*  
12

13 **1-07.18(1) General Requirements**

- 14 A. The Contractor shall procure and maintain the insurance described in all subsections of  
15 section 1-07.18 of these Special Provisions, from insurers with a current A. M. Best  
16 rating of not less than A-: VII and licensed to do business in the State of Washington.  
17 The Contracting Agency reserves the right to approve or reject the insurance provided,  
18 based on the insurer's financial condition.  
19
- 20 B. The Contractor shall keep this insurance in force without interruption from the  
21 commencement of the Contractor's Work through the term of the Contract and for thirty  
22 (30) days after the Physical Completion date, unless otherwise indicated below.  
23
- 24 C. If any insurance policy is written on a claims-made form, its retroactive date, and that of  
25 all subsequent renewals, shall be no later than the effective date of this Contract. The  
26 policy shall state that coverage is claims made and state the retroactive date. Claims-  
27 made form coverage shall be maintained by the Contractor for a minimum of 36 months  
28 following the Completion Date or earlier termination of this Contract, and the Contractor  
29 shall annually provide the Contracting Agency with proof of renewal. If renewal of the  
30 claims made form of coverage becomes unavailable, or economically prohibitive, the  
31 Contractor shall purchase an extended reporting period ("tail") or execute another form of  
32 guarantee acceptable to the Contracting Agency to assure financial responsibility for  
33 liability for services performed.  
34
- 35 D. The Contractor's Automobile Liability, Commercial General Liability and Excess or  
36 Umbrella Liability insurance policies shall be primary and non-contributory insurance as  
37 respects the Contracting Agency's insurance, self-insurance, or self-insured pool  
38 coverage. Any insurance, self-insurance, or self-insured pool coverage maintained by the  
39 Contracting Agency shall be excess of the Contractor's insurance and shall not contribute  
40 with it.  
41
- 42 E. The Contractor shall provide the Contracting Agency and all additional insureds with  
43 written notice of any policy cancellation, within two business days of their receipt of such  
44 notice.  
45
- 46 F. The Contractor shall not begin work under the Contract until the required insurance has  
47 been obtained and approved by the Contracting Agency  
48
- 49 G. Failure on the part of the Contractor to maintain the insurance as required shall  
50 constitute a material breach of contract, upon which the Contracting Agency may, after  
51 giving five business days' notice to the Contractor to correct the breach, immediately

- 1 terminate the Contract or, at its discretion, procure or renew such insurance and pay any  
2 and all premiums in connection therewith, with any sums so expended to be repaid to the  
3 Contracting Agency on demand, or at the sole discretion of the Contracting Agency,  
4 offset against funds due the Contractor from the Contracting Agency.  
5
- 6 H. All costs for insurance shall be incidental to and included in the unit or lump sum prices  
7 of the Contract and no additional payment will be made.  
8
- 9 I. Under no circumstances shall a wrap up policy be obtained, for either initiating or  
10 maintaining coverage, to satisfy insurance requirements for any policy required under  
11 this Section. A “wrap up policy” is defined as an insurance agreement or arrangement  
12 under which all the parties working on a specified or designated project are insured  
13 under one policy for liability arising out of that specified or designated project.  
14

15 **1-07.18(2) Additional Insured**

16 All insurance policies, with the exception of Workers Compensation, and of Professional  
17 Liability and Builder’s Risk (if required by this Contract) shall name the following listed  
18 entities as additional insured(s) using the forms or endorsements required herein:

- 19     ▪ the Contracting Agency and its officers, elected officials, employees, agents, and  
20     volunteers

21 The above-listed entities shall be additional insured(s) for the full available limits of liability  
22 maintained by the Contractor, irrespective of whether such limits maintained by the  
23 Contractor are greater than those required by this Contract, and irrespective of whether the  
24 Certificate of Insurance provided by the Contractor pursuant to 1-07.18(4) describes limits  
25 lower than those maintained by the Contractor.  
26

27 For Commercial General Liability insurance coverage, the required additional insured  
28 endorsements shall be at least as broad as ISO forms CG 20 10 10 01 for ongoing  
29 operations and CG 20 37 10 01 for completed operations.  
30

31 **1-07.18(3) Subcontractors**

32 The Contractor shall cause each subcontractor of every tier to provide insurance coverage  
33 that complies with all applicable requirements of the Contractor-provided insurance as set  
34 forth herein, except the Contractor shall have sole responsibility for determining the limits of  
35 coverage required to be obtained by subcontractors.  
36

37 The Contractor shall ensure that all subcontractors of every tier add all entities listed in  
38 1-07.18(2) as additional insureds, and provide proof of such on the policies as required by  
39 that section as detailed in 1-07.18(2) using an endorsement as least as broad as ISO CG 20  
40 10 10 01 for ongoing operations and CG 20 37 10 01 for completed operations.  
41

42 Upon request by the Contracting Agency, the Contractor shall forward to the Contracting  
43 Agency evidence of insurance and copies of the additional insured endorsements of each  
44 subcontractor of every tier as required in 1-07.18(4) Verification of Coverage.  
45

46 **1-07.18(4) Verification of Coverage**

47 The Contractor shall deliver to the Contracting Agency a Certificate(s) of Insurance and  
48 endorsements for each policy of insurance meeting the requirements set forth herein when  
49 the Contractor delivers the signed Contract for the work. Failure of Contracting Agency to  
50 demand such verification of coverage with these insurance requirements or failure of

- 1 Contracting Agency to identify a deficiency from the insurance documentation provided shall  
2 not be construed as a waiver of Contractor's obligation to maintain such insurance.  
3  
4 Verification of coverage shall include:
- 5 1. An ACORD certificate or a form determined by the Contracting Agency to be equivalent.
  - 6 2. Copies of all endorsements naming Contracting Agency and all other entities listed in  
7 1-07.18(2) as additional insured(s), showing the policy number. The Contractor may  
8 submit a copy of any blanket additional insured clause from its policies instead of a  
9 separate endorsement.
  - 10 3. Any other amendatory endorsements to show the coverage required herein.
  - 11 4. A notation of coverage enhancements on the Certificate of Insurance shall not satisfy  
12 these requirements – actual endorsements must be submitted.

13  
14 Upon request by the Contracting Agency, the Contractor shall forward to the Contracting  
15 Agency a full and certified copy of the insurance policy(s). If Builders Risk insurance is  
16 required on this Project, a full and certified copy of that policy is required when the  
17 Contractor delivers the signed Contract for the work.  
18

19 **1-07.18(5) Coverages and Limits**

20 The insurance shall provide the minimum coverages and limits set forth below. Contractor's  
21 maintenance of insurance, its scope of coverage, and limits as required herein shall not be  
22 construed to limit the liability of the Contractor to the coverage provided by such insurance,  
23 or otherwise limit the Contracting Agency's recourse to any remedy available at law or in  
24 equity.  
25

26 All deductibles and self-insured retentions must be disclosed and are subject to approval by  
27 the Contracting Agency. The cost of any claim payments falling within the deductible or self-  
28 insured retention shall be the responsibility of the Contractor. In the event an additional  
29 insured incurs a liability subject to any policy's deductibles or self-insured retention, said  
30 deductibles or self-insured retention shall be the responsibility of the Contractor.  
31

32 **1-07.18(5)A Commercial General Liability**

33 Commercial General Liability insurance shall be written on coverage forms at least as broad  
34 as ISO occurrence form CG 00 01, including but not limited to liability arising from premises,  
35 operations, stop gap liability, independent contractors, products-completed operations,  
36 personal and advertising injury, and liability assumed under an insured contract. There shall  
37 be no exclusion for liability arising from explosion, collapse or underground property  
38 damage.  
39

40 The Commercial General Liability insurance shall be endorsed to provide a per project  
41 general aggregate limit, using ISO form CG 25 03 05 09 or an equivalent endorsement.  
42

43 Contractor shall maintain Commercial General Liability Insurance arising out of the  
44 Contractor's completed operations for at least three years following Substantial Completion  
45 of the Work.  
46

47 Such policy must provide the following minimum limits:

48	\$2,000,000	Each Occurrence
49	\$3,000,000	General Aggregate

1	\$3,000,000	Products & Completed Operations Aggregate
2	\$2,000,000	Personal & Advertising Injury each offence
3	\$2,000,000	Stop Gap / Employers' Liability each accident

4

5 **1-07.18(5)B Automobile Liability**

6 Automobile Liability shall cover owned, non-owned, hired, and leased vehicles; and shall be  
7 written on a coverage form at least as broad as ISO form CA 00 01. If the work involves the  
8 transport of pollutants, the automobile liability policy shall include MCS 90 and CA 99 48  
9 endorsements.

10

11 Such policy must provide the following minimum limit:

12	\$1,000,000	Combined single limit each accident
----	-------------	-------------------------------------

13

14 **1-07.18(5)C Workers' Compensation**

15 The Contractor shall comply with Workers' Compensation coverage as required by the  
16 Industrial Insurance laws of the State of Washington.

31

32 Prior to the Contractor beginning the work, a preconstruction conference will be held  
33 between the Contractor, the Engineer and such other interested parties as may be  
34 invited. The purpose of the preconstruction conference will be:

- 35 1. To review the initial progress schedule;
- 36 2. To establish a working understanding among the various parties associated or  
37 affected by the work;
- 38 3. To establish and review procedures for progress payment, notifications, approvals,  
39 submittals, etc.;
- 40 4. To establish normal working hours for the work;
- 41 5. To review safety standards and traffic control; and
- 42 6. To discuss such other related items as may be pertinent to the work.

43

44 The Contractor shall prepare and submit at the preconstruction conference the following:

- 45 1. A breakdown of all lump sum items;
- 46 2. A preliminary schedule of working drawing submittals; and
- 47 3. A list of material sources for approval if applicable.

**1-08.1 Subcontracting**  
(December 30, 2022 APWA GSP, Option A)

Section 1-08.1 is supplemented with the following:

Prior to any subcontractor or lower tier subcontractor beginning work, the Contractor shall submit to the Engineer a certification (WSDOT Form 420-004) that a written agreement between the Contractor and the subcontractor or between the subcontractor and any lower tier subcontractor has been executed. This certification shall also guarantee that these subcontract agreements include all the documents required by the Special Provision Federal Agency Inspection.

A subcontractor or lower tier subcontractor will not be permitted to perform any work under the contract until the following documents have been completed and submitted to the Engineer:

1. Request to Sublet Work (WSDOT Form 421-012), and
2. Contractor and Subcontractor or Lower Tier Subcontractor Certification for Federal-aid Projects (WSDOT Form 420-004).

The Contractor shall submit to the Engineer a completed Monthly Retainage Report (WSDOT Form 272-065) within 15 calendar days after receipt of every monthly progress payment until every subcontractor and lower tier subcontractor's retainage has been released.

The Contractor's records pertaining to the requirements of this Special Provision shall be open to inspection or audit by representatives of the Contracting Agency during the life of the contract and for a period of not less than three years after the date of acceptance of the contract. The Contractor shall retain these records for that period. The Contractor shall also guarantee that these records of all subcontractors and lower tier subcontractors shall be available and open to similar inspection or audit for the same time period.

**Time for Completion**

Section 1-08.5 is supplemented with the following:

(March 13, 1995)

This project shall be physically completed within \*\*\* \$\$30\$\$ \*\*\* working days.

(\*\*\*\*\*)

This contract has two (2) phases. Phase 1 will include paint application to existing County roads which are not scheduled for road/surfacing work and can have the paint stripe applied at any time. Phase 1 roads are found in Appendix A. Phase 2 shall consist of roads that are scheduled for road/surfacing work, such as chip seals, paving and other surface work. The roads scheduled for Phase 2 are found in Appendix A. It is estimated

1 that Phase 2 will begin September 3, 2024. Working days to complete both Phase 1 and  
2 Phase 2 will be 30 days, total.

3  
4 **1-08.5 Time for Completion**  
5 *(December 30, 2022 APWA GSP, Option A)*

6  
7  
8 Revise the third and fourth paragraphs to read:

9  
10 Contract time shall begin on the first working day following the Notice to Proceed Date.

11  
12 Each working day shall be charged to the contract as it occurs, until the contract work is  
13 physically complete. If substantial completion has been granted and all the authorized  
14 working days have been used, charging of working days will cease. Each week the  
15 Engineer will provide the Contractor a statement that shows the number of working days:  
16 (1) charged to the contract the week before; (2) specified for the physical completion of  
17 the contract; and (3) remaining for the physical completion of the contract. The statement  
18 will also show the nonworking days and all partial or whole days the Engineer declares  
19 as unworkable. The statement will be identified as a Written Determination by the  
20 Engineer. If the Contractor does not agree with the Written Determination of working  
21 days, the Contractor shall pursue the protest procedures in accordance with Section 1-  
22 04.5. By failing to follow the procedures of Section 1-04.5, the Contractor shall be  
23 deemed as having accepted the statement as correct. If the Contractor is approved to  
24 work 10 hours a day and 4 days a week (a 4-10 schedule) and the fifth day of the week  
25 in which a 4-10 shift is worked would originally be charged as a working day then the  
26 fifth day of that week will be charged as a working day whether or not the Contractor  
27 works on that day.

28  
29 Revise the sixth paragraph to read:

30  
31 The Engineer will give the Contractor written notice of the completion date of the contract  
32 after all the Contractor's obligations under the contract have been performed by the  
33 Contractor. The following events must occur before the Completion Date can be  
34 established:

- 35 1. The physical work on the project must be complete; and
- 36 2. The Contractor must furnish all documentation required by the contract and required  
37 by law, to allow the Contracting Agency to process final acceptance of the contract.  
38 The following documents must be received by the Project Engineer prior to  
39 establishing a completion date:
- 40 a. Certified Payrolls (per Section 1-07.9(5)).
  - 41 b. Material Acceptance Certification Documents
  - 42 c. Monthly Reports of Amounts Credited as DBE Participation, as required by the  
43 Contract Provisions.
  - 44 d. Final Contract Voucher Certification
  - 45 e. Copies of the approved "Affidavit of Prevailing Wages Paid" for the Contractor  
46 and all Subcontractors
  - 47 f. A copy of the Notice of Termination sent to the Washington State Department of  
48 Ecology (Ecology); the elapse of 30 calendar days from the date of receipt of the  
49 Notice of Termination by Ecology; and no rejection of the Notice of Termination

1 by Ecology. This requirement will not apply if the Construction Stormwater  
2 General Permit is transferred back to the Contracting Agency in accordance with  
3 Section 8-01.3(16).

4 g. Property owner releases per Section 1-07.24

5  
6 **1-08.9 Liquidated Damages**

7 *(March 3, 2021 APWA GSP, Option A)*

8  
9 Replace Section 1-08.9 with the following:

10  
11 Time is of the essence of the Contract. Delays inconvenience the traveling public,  
12 obstruct traffic, interfere with and delay commerce, and increase risk to Highway users.  
13 Delays also cost tax payers undue sums of money, adding time needed for  
14 administration, engineering, inspection, and supervision.

15  
16 Accordingly, the Contractor agrees:

- 17  
18 1. To pay liquidated damages in the amount of ~~\*\*\* \$1,500.00\*\*~~ for each  
19 working day beyond the number of working days established for Physical  
20 Completion, and  
21  
22 2. To authorize the Engineer to deduct these liquidated damages from any  
23 money due or coming due to the Contractor.  
24

25 When the Contract Work has progressed to Substantial Completion as defined in the  
26 Contract, the Engineer may determine the Contract Work is Substantially Complete. The  
27 Engineer will notify the Contractor in writing of the Substantial Completion Date. For  
28 overruns in Contract time occurring after the date so established, liquidated damages  
29 identified above will not apply. For overruns in Contract time occurring after the  
30 Substantial Completion Date, liquidated damages shall be assessed on the basis of  
31 direct engineering and related costs assignable to the project until the actual Physical  
32 Completion Date of all the Contract Work. The Contractor shall complete the remaining  
33 Work as promptly as possible. Upon request by the Project Engineer, the Contractor  
34 shall furnish a written schedule for completing the physical Work on the Contract.

35  
36 Liquidated damages will not be assessed for any days for which an extension of time is  
37 granted. No deduction or payment of liquidated damages will, in any degree, release the  
38 Contractor from further obligations and liabilities to complete the entire Contract.  
39

40 **Measurement and Payment**

41  
42 **1-09.2(5) Measurement**

43 *(December 30, 2022 APWA GSP)*

44  
45 Revise the first paragraph to read:

46  
47 **Scale Verification Checks** – At the Engineer’s discretion, the Engineer may perform  
48 verification checks on the accuracy of each batch, hopper, or platform scale used in  
49 weighing contract items of Work.  
50

1 **1-09.6 Force Account**  
2 *(December 30, 2022 APWA GSP)*

3  
4 Supplement this section with the following:

5  
6 The Contracting Agency has estimated and included in the Proposal, dollar amounts for  
7 all items to be paid per force account, only to provide a common proposal for Bidders. All  
8 such dollar amounts are to become a part of Contractor's total bid. However, the  
9 Contracting Agency does not warrant expressly or by implication, that the actual amount  
10 of work will correspond with those estimates. Payment will be made on the basis of the  
11 amount of work actually authorized by the Engineer.  
12

13 **Payments**

14  
15 **1-09.9 Payments**  
16 *(December 30, 2022 APWA GSP)*

17  
18 Section 1-09.9 is revised to read:

19  
20 The basis of payment will be the actual quantities of Work performed according to the  
21 Contract and as specified for payment.  
22

23 The Contractor shall submit a breakdown of the cost of lump sum bid items at the  
24 Preconstruction Conference, to enable the Project Engineer to determine the Work  
25 performed on a monthly basis. A breakdown is not required for lump sum items that  
26 include a basis for incremental payments as part of the respective Specification. Absent  
27 a lump sum breakdown, the Project Engineer will make a determination based on  
28 information available. The Project Engineer's determination of the cost of work shall be  
29 final.  
30

31 Progress payments for completed work and material on hand will be based upon  
32 progress estimates prepared by the Engineer. A progress estimate cutoff date will be  
33 established at the preconstruction conference.  
34

35 The initial progress estimate will be made not later than 30 days after the Contractor  
36 commences the work, and successive progress estimates will be made every month  
37 thereafter until the Completion Date. Progress estimates made during progress of the  
38 work are tentative, and made only for the purpose of determining progress payments.  
39 The progress estimates are subject to change at any time prior to the calculation of the  
40 final payment.  
41

42 The value of the progress estimate will be the sum of the following:

- 43 1. Unit Price Items in the Bid Form — the approximate quantity of acceptable units of  
44 work completed multiplied by the unit price.  
45 2. Lump Sum Items in the Bid Form — based on the approved Contractor's lump sum  
46 breakdown for that item, or absent such a breakdown, based on the Engineer's  
47 determination.

- 1           3. Materials on Hand — 100 percent of invoiced cost of material delivered to Job site
- 2           or other storage area approved by the Engineer.
- 3           4. Change Orders — entitlement for approved extra cost or completed extra work as
- 4           determined by the Engineer.
- 5

6 Progress payments will be made in accordance with the progress estimate less:

- 7           1. Retainage per Section 1-09.9(1), on non FHWA-funded projects;
- 8           2. The amount of progress payments previously made; and
- 9           3. Funds withheld by the Contracting Agency for disbursement in accordance with the
- 10          Contract Documents.
- 11

12 Progress payments for work performed shall not be evidence of acceptable performance

13 or an admission by the Contracting Agency that any work has been satisfactorily

14 completed. The determination of payments under the contract will be final in accordance

15 with Section 1-05.1.

16

17 Failure to perform obligations under the Contract by the Contractor may be decreed by the

18 Contracting Agency to be adequate reason for withholding any payments until compliance

19 is achieved.

20

21 Upon completion of all Work and after final inspection (Section 1-05.11), the amount due

22 the Contractor under the Contract will be paid based upon the final estimate made by the

23 Engineer and presentation of a Final Contract Voucher Certification to be signed by the

24 Contractor. The Contractor's signature on such voucher shall be deemed a release of all

25 claims of the Contractor unless a Certified Claim is filed in accordance with the

26 requirements of Section 1-09.11 and is expressly excepted from the Contractor's

27 certification on the Final Contract Voucher Certification. The date the Contracting Agency

28 signs the Final Contract Voucher Certification constitutes the final acceptance date

29 (Section 1-05.12).

30

31 If the Contractor fails, refuses, or is unable to sign and return the Final Contract Voucher

32 Certification or any other documentation required for completion and final acceptance of

33 the Contract, the Contracting Agency reserves the right to establish a Completion Date (for

34 the purpose of meeting the requirements of RCW 60.28) and unilaterally accept the

35 Contract. Unilateral final acceptance will occur only after the Contractor has been provided

36 the opportunity, by written request from the Engineer, to voluntarily submit such

37 documents. If voluntary compliance is not achieved, formal notification of the impending

38 establishment of a Completion Date and unilateral final acceptance will be provided by

39 email with delivery confirmation from the Contracting Agency to the Contractor, which will

40 provide 30 calendar days for the Contractor to submit the necessary documents. The 30

41 calendar day period will begin on the date the email with delivery confirmation is received

42 by the Contractor. The date the Contracting Agency unilaterally signs the Final Contract

43 Voucher Certification shall constitute the Completion Date and the final acceptance date

44 (Section 1-05.12). The reservation by the Contracting Agency to unilaterally accept the

45 Contract will apply to Contracts that are Physically Completed in accordance with Section

46 1-08.5, or for Contracts that are terminated in accordance with Section 1-08.10. Unilateral

47 final acceptance of the Contract by the Contracting Agency does not in any way relieve

48 the Contractor of their responsibility to comply with all Federal, State, tribal, or local laws,

49 ordinances, and regulations that affect the Work under the Contract.

Payment to the Contractor of partial estimates, final estimates, and retained percentages shall be subject to controlling laws.

**Retainage**

Section 1-09.9(1) content and title is deleted and replaced with the following:

**(June 27, 2011)**

**Vacant**

**1-09.11(3) Time Limitation and Jurisdiction**

*(December 30, 2022 APWA GSP)*

Revise this section to read:

For the convenience of the parties to the Contract it is mutually agreed by the parties that all claims or causes of action which the Contractor has against the Contracting Agency arising from the Contract shall be brought within 180 calendar days from the date of final acceptance (Section 1-05.12) of the Contract by the Contracting Agency; and it is further agreed that all such claims or causes of action shall be brought only in the Superior Court of the county where the Contracting Agency headquarters is located, provided that where an action is asserted against a county, RCW 36.01.050 shall control venue and jurisdiction. The parties understand and agree that the Contractor's failure to bring suit within the time period provided, shall be a complete bar to all such claims or causes of action. It is further mutually agreed by the parties that when claims or causes of action which the Contractor asserts against the Contracting Agency arising from the Contract are filed with the Contracting Agency or initiated in court, the Contractor shall permit the Contracting Agency to have timely access to all records deemed necessary by the Contracting Agency to assist in evaluating the claims or action.

**1-09.13(3)A Arbitration General**

*(January 19, 2022 APWA GSP)*

Revise the third paragraph to read:

The Contracting Agency and the Contractor mutually agree to be bound by the decision of the arbitrator, and judgment upon the award rendered by the arbitrator may be entered in the Superior Court of the county in which the Contracting Agency's headquarters is located, provided that where claims subject to arbitration are asserted against a county, RCW 36.01.050 shall control venue and jurisdiction of the Superior Court. The decision of the arbitrator and the specific basis for the decision shall be in writing. The arbitrator shall use the Contract as a basis for decisions.

**1-09.13(4) Venue for Litigation**

*(December 30, 2022 APWA GSP)*

Revise this section to read:

Litigation shall be brought in the Superior Court of the county in which the Contracting Agency's headquarters is located, provided that where claims are asserted against a

1 county, RCW 36.01.050 shall control venue and jurisdiction of the Superior Court. It is  
2 mutually agreed by the parties that when litigation occurs, the Contractor shall permit the  
3 Contracting Agency to have timely access to all records deemed necessary by the  
4 Contracting Agency to assist in evaluating the claims or action.

**Glass Beads**

Section 8-22.3(3)G, Paragraph 2 is revised to read as follows:

(\*\*\*\*\*)

Glass Beads shall be applied to 15 mil. thick paint at a minimum application rate of 7 pounds per gallon of paint. For plastic pavement markings, glass bead type and application rate shall be as recommended by the marking material manufacturer.

**Measurement**

Section 8-22.4 is supplemented with the following:

(\*\*\*\*\*)

Single Shot Paint Line will be measured by the Linear Mile.  
Double Shot Paint Line (Centerline) will be measured by the Linear Mile.  
Double Shot Paint Line (Edgeline) will be measured by the Linear Mile.

Mason County has provided a breakdown of the different paint lines by the mile in Appendix "A" to assist the contractor in preparing the proposal. No re-measurement will be conducted. Payment will be for the actual work accomplished from the list in Appendix "A". The Contractor will provide a bid for Phase 1 and Phase 2 work; a bid for Single Shot Paint Line; a bid for Double Shot Paint Line (Center Line); and Double Shot Paint Line (Edgeline).

**Payment**

Section 8-22.5 is supplemented with the following:

(\*\*\*\*\*)

Single Shot Paint Line, per linear mile.  
Double Shot Paint Line (Centerline), per linear mile.  
Double Shot Paint Line (Edgeline) per linear mile.

The unit contract price for the Bid Items shall be full payment of all costs to perform the work as described herein, and in Section 8-22, including all materials, roadway preparation, equipment, and supplies.

Temporary Traffic Control will be performed by Mason County.
