WHEREAS, in the interest of safety and in conformance with procedures adopted by the Washington State Association of Counties, Mason County makes periodic inspections of bridges on the County road system; and

WHEREAS, the overpass bridge of the Northern Pacific Railroad tracks, Bridge #9110-1.45, has developed localized deterioration to such an extent that it cannot be certified as safe for all legal highway loads; and

WHEREAS, frequent loads considerably less than the maximum legal load will, if permitted, accelerate the deterioration of this structure.

NOW, THEREFORE BE IT RESOLVED that the gross load on Bridge #9110-1.45 over the Northern Pacific Railroad tracks be limited to 25 tons until December 31, 1971 unless this Board shall by appropriate action based upon proper certification modify or remove such restrictions.
