

RESOLUTION NO. 869

WHEREAS, the Washington State Department of Transportation has adopted and distributed "Standard Specifications for Road and Bridge Construction; and,

WHEREAS, the current Washington State Department of Transportation specifications are used not only on Federal Aid Secondary projects, but are also used on County-contract construction.

NOW, THEREFORE, BE IT RESOLVED that the current edition of the State of Washington Standard Specifications for Road and Bridge Construction, or any subsequent edition, is hereby adopted as the Mason County Standard Specifications for Road and Bridge Construction.

BE IT FURTHER RESOLVED that the Mason County Engineer is hereby authorized and directed to utilize these standard specifications, with such amendments, modifications and special provisions as may be required to adapt to special conditions, in the preparation of contracts for road construction in Mason County.

DATED this 6th day of March, 1978.
