

**RESOLUTION NO. 33 -08**

**WHEREAS**, WAC 136-468-95-290, pursuant to RCW 36.75.300, provides regulation pertaining to the designation and signing of county roads as Primitive Roads, and

**WHEREAS**, the legislative authority of each county may, by resolution, classify and designate portions of the county road as primitive roads where the designated road portion:

- (1) is not classified as part of the county primary system, as provided for in RCW 36.86.070;
- (2) has a gravel or earth driving surface; and
- (3) has an average annual daily traffic of one hundred or fewer vehicles; and

**WHEREAS**, WAC 468-95-090 states that any road designated as a primitive road shall be marked with a "PRIMITIVE ROAD" sign at all places where the primitive road portion begins or connects with a highway other than a primitive road, and

**WHEREAS**, Mason County first designated primitive roads in Resolution 62-82, and has updated the list of designated primitive roads as changes were made to our road system that affect primitive road status; and

**WHEREAS**, the County Engineer has reviewed the county road system and determined which roads are appropriate to be classified as primitive roads.

**NOW, THEREFORE, BE IT RESOLVED**, that the following roads be designated Primitive Roads:
